Accu-Time Systems, Inc. Announces Appointment of Geoffrey Smith As Cesium Product Manager

Ellington, CT –July 20, 2011 - Accu-Time Systems, Inc., the leading manufacturer of workforce management, time and attendance, and security access products, today announced that Geoffrey Smith has joined the company as its Cesium Product Manager. Geoff brings more than 10 years' experience in product development, new solution launches, and marketing and sales capacities in the Human Capital and Workforce Management arena. His particular focus is on employee efficiency, time and attendance, and the elimination of administrative hassles and profit leaks. He has most recently served as a Product Launch Consultant. Prior to holding that position, he worked as the Vice President of Sales & Marketing for a newly introduced workforce efficiency software company.

Geoff will be working to fully develop ATS's Cesium product, a terminal and software solution that interfaces directly with Oracle's PeopleSoft ERP system. He will define the market, look for beta sites and customers, and work with the ATS' sales organization to bring new customers on board. Geoff holds a Bachelor of Science degree in Business Administration with a concentration in Marketing and a minor in Psychology from Bryant University. He will be based at Accu-Time System's world headquarters in Ellington, Connecticut.

Larry Dawson, Vice President of Marketing for Accu-Time Systems stated, "Geoff brings a wealth of knowledge and expertise to his new role and we are pleased to have him join us to help support our product development initiatives." Mr. Dawson added, "With the addition of Geoff to our team, we will be expanding and improving our product line as ATS continues to be

a leading supplier of Human Capital Management tools and solutions. We look forward to his leadership in our Cesium product initiatives.”

Geoff stated, “I’m excited to be able to leverage my background and passion for workforce management, employee efficiency analytics and introducing new products to market as part of the ATS team. It is a pleasure to be joining an industry leader whose customer-first mentality and time and attendance terminal expertise provides instant credibility to the Cesium solution.”

About Accu-Time Systems, Inc.

Accu-Time Systems, a subsidiary of Amano USA Holdings, Inc., is a global company headquartered in the United States with offices and channel partners in North America, Latin America, Europe, Africa, and the Middle East. The company designs and manufactures biometric and non-biometric workforce management (WFM) and human capital management (HCM) tools. ATS products are widely used for payroll, time and attendance, workforce management, and security access. The company provides solutions for nearly every industry with a product line that extends from simple entry-level time and attendance terminals to state-of-the-art programmable biometric employee kiosk systems.
