Accu-Time Systems, Inc. Announces Appointment of Alan Richman As Manufacturing Operations Manager

Ellington, CT – August 1, 2011 - Accu-Time Systems, Inc., the leading manufacturer of workforce management, time and attendance, and security access products, today announced that Alan Richman has joined the company as its Manufacturing Operations Manager.

Mr. Richman brings extensive operations experience to his new role, having spent 28 years in designing, implementing, improving and managing operations for a variety of large and small manufacturing companies. In addition, he has experience with managing material suppliers around the world, including India and China. Alan has a BS degree in Electrical Engineering as well as training in 5S, Lean Manufacturing, TQM, ISO 9000, FDA-GMP, and Mil Standards.

Mr. Richman will be involved in ATS manufacturing strategies, product design and cost reduction, and customer product satisfaction. In addition, he will be charged with implementing ATS' cell manufacturing methods, vendor managed inventory controls, and material controls, among many other responsibilities.

Peter DiMaria, President and Chief Executive Officer for Accu-Times stated, "Alan brings a wealth of knowledge and expertise to his new role and we are pleased to have him on board to help support our manufacturing operations initiatives. We look forward to his leadership in improving and streamlining our operations."

Mr. Richman stated, "I am pleased to be able to utilize my diverse background in manufacturing operations to assist ATS in reaching its operations and continuous improvement goals. I look forward to the challenges that lie ahead."

About Accu-Time Systems, Inc.

Accu-Time Systems, a subsidiary of Amano USA Holdings, Inc., is a global company headquartered in the United States with offices and channel partners in North America, Latin America, Europe, Africa, and the Middle East. The company designs and manufactures biometric and non-biometric workforce management (WFM) and human capital management (HCM) tools. ATS products are widely used for payroll, time and attendance, workforce management, and security access. The company provides solutions for nearly every industry with a product line that extends from simple entry-level time and attendance terminals to state-of-the-art programmable biometric employee kiosk systems.
