## **Lisa Disselkamp - Keynote Speaker At Accu-Time Systems' International Sales & Strategy Meeting**

Highly Regarded Expert in Time & Attendance Business Practices and Technology Will Talk About Industry Trends and Pioneering a New Role for Workforce Management Systems.

***Find Out What is Provoking Business Leaders to  
Take a New Look at Time & Attendance Solutions***

Accu-Time Systems, Inc., is pleased to announce that Ms. Lisa Disselkamp will be the featured speaker at its 2011 International Sales Meeting in October. Ms. Disselkamp is the author of *No Boundaries – How to Use Time and Labor Management Technology to Win the Race for Profits and Productivity*. (Wiley & Co. Publishing, 2009) She is also President of Athena Enterprises, a management consulting firm specializing in time and attendance and workforce management business processes. Her clients range in size from a few hundred employees to more than 70,000. She has spoken before organizations such as the American Payroll Association, the Institute of Management Accountants, the Society of Human Resource Managers, the New America Foundation, and the American Corrections Association. Disselkamp is frequently cited in business publications including the Wall Street Journal, Crain's New York, Workforce Management Magazine, Paytech Magazine and internet and radio programs.

Ms. Disselkamp will discuss trends, legalities, technologies, and opportunities in the fields of time and attendance, workforce management, and industry certification. As a senior level consultant, researcher, and expert legal witness she brings unique insight into the perspectives of business owners, policy makers, and industry thought leaders showing companies like ATS how to target opportunities and create value for end users and partners.

### **About Accu-Time Systems, Inc.**

Accu-Time Systems, a subsidiary of Amano USA Holdings, Inc., is a global company headquartered in the United States with offices and channel partners in North America, Latin America, Europe, Africa, and the Middle East. The company designs and manufactures biometric and non-biometric workforce management (WFM) and human capital management (HCM) tools. ATS products are widely used for payroll, time and attendance, workforce management, and security access. The company provides solutions for nearly every industry with a product line that extends from simple entry-level time and attendance terminals to state-of-the-art programmable biometric employee kiosk systems.
